

## BLACK & WHITE REPETITIVE PIECED "STRIP"

**STRIP WIDTH** will be 36"

**STRIP HEIGHT** will be a minimum of 4" and a maximum of 9"

**FABRICS** to use will be **BLACKS\*** and **WHITES\*** with **NO OTHER COLORS IN THEM.**

**SOLIDS** or **PRINTS** that have **ONLY the other color in them** (black design on white background or white design on black background). White-on-white prints are fine but only if VERY WHITE.

**\*BLACKS** are to be **THE VERY DARKEST BLACKS** – true black, as in "India Ink" black.

**\*WHITES** are to be **THE VERY BRIGHTEST WHITES** – "Snow-blinding" white – **NO "off-white"**.

**Use 2 to 4 fabrics** in your design, which will be a repeating design of your choice! Please have your design repeat at least 3 times for the broadest designs (see "X3" drawings).

Below are some drawings to give you ideas. You may create your own designs, possibly using *flying geese*, *half-square* &/or *quarter-square triangles* ("Triangles-on-a-Roll" are wonderful for this), interesting variations with *strip piecing*, or a favorite block done in a series (such as *stars* or *pinwheels*). The possibilities are endless!
